

Adult Protective Services (APS), January 1 – December 31, 2002

Reports of Abuse, neglect, exploitation or abandonment

APS reports are made for vulnerable adults who are living in the community. (Reports about alleged abuse or neglect in a boarding home, adult family home, or nursing facility are made to the Complaint Resolution Unit.)

In the table below, column #2 shows the **number of APS reports** received in that county in 2002. Column #3 shows the number of reports actually **investigated** by APS staff. Not all reports are investigated; the alleged victim may not meet the definition of a “vulnerable adult”, the report may not meet the definition of abuse or neglect, or another jurisdiction may be responsible for investigation.

Column #4 shows the number of reports where one or more **allegations** were **substantiated**. A report or investigation may involve more than one **allegation**. Columns #3-20 break out the type of **allegation** by **report** and **substantiation**.

County designates the location of the alleged victim. Approximately 63% of the reported victims are 60 and older; 37% are ages 18-59.
