

Adult Protective Services (APS), January 1 – December 31, 2007

Reports of Abuse, Neglect, Self-Neglect, Exploitation of the Person, Financial Exploitation or Abandonment

- APS reports are made for vulnerable adults who are living in the community. Reports about alleged abuse or neglect in a boarding home, adult family home, nursing facility, or certified supported living setting are made to the RCS Complaint Resolution Unit and are not reflected in the data below.
- Column #1 identifies the county location of the alleged victim. Approximately 73% of the reported victims are 60 and older and 27% are age 18-59.
- Column #2 shows the number of APS reports received in each county in CY 2007.
- Column #3 shows the number of reports actually investigated by APS staff. Not all reports are investigated; the alleged victim may not meet the definition of a “vulnerable adult,” the report may not meet the definition of abuse or neglect, or another jurisdiction may be responsible for investigation. Note that one report may contain more than one allegation.
- Column #4 shows the number of cases from CY2007 that still are being investigated.
- Columns #5-19 break out the type of allegation by number of reports and number of substantiated findings.
- Column #21 shows the number of reports where one or more allegations were substantiated. A report or investigation may involve more than one allegation. Note: The number of substantiations may change, as some cases were still open and under investigation when **this data was compiled on 6/11/2008**.
